HZ-2027 Desk Assembly Instructions

● Technical Specifications:

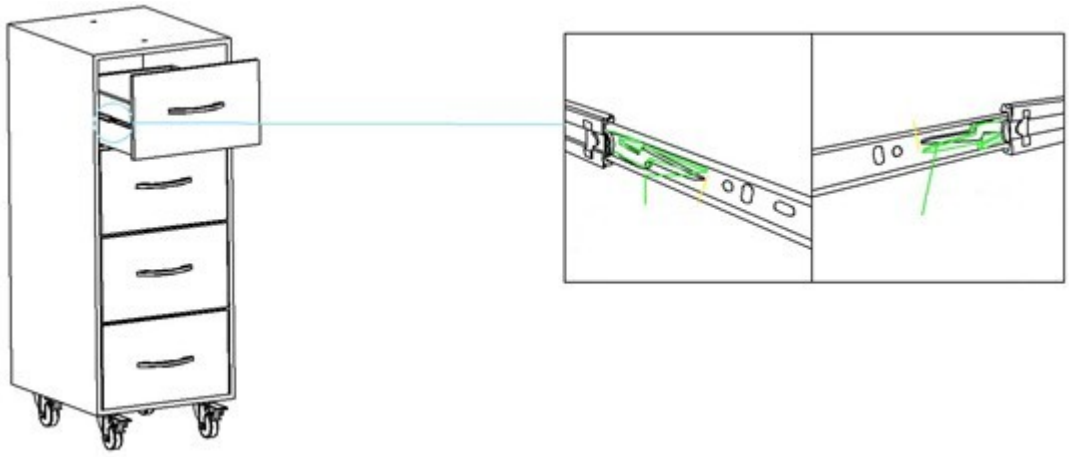

Max. load capacity	100 kg
Net weight:	43 kg
Height	80.5 cm
Depth	45.5 cm
Width	120 cm

Note! The desk is available with or without a sound absorber. The photos in this manual are for illustrative purposes only.

● Assembly instructions:

Step 1: Remove the two top drawers by pulling them out all the way. Using the handle on the slide of each drawer, simultaneously press the small plastic levers on the right slide down and on the left slide up. Then pull the drawer toward you (see diagram).

Step 2: Secure the tabletop to the cabinets using the included screws. Then carefully slide the drawers back into the runners.
